

WHAT CAN I DO WITH MY MAJOR IN SOCIOLOGY

OVERVIEW OF MAJOR

Concordia University offers both undergraduate and graduate programs in Sociology. At the undergraduate level it offers a full range of programs including a joint specialization in Sociology and Anthropology. At the graduate level it offers programs leading to a Master of/Magisteriate in Arts in Sociology and a Ph.D. in Social and Cultural Analysis which is a bi-disciplinary sociology and anthropology program. For the latest information on programs as well as faculty and their research interests, go to the Department of Sociology and Anthropology website at <http://socianth.concordia.ca/>.

Sociology is a well-established field of study that examines social and cultural life in a variety of societies. Graduates develop the theoretical and analytical tools needed to understand and help solve society's problems.

SKILLS AND CHARACTERISTICS

Students of sociology develop strong skills in research and data analysis and have a sound knowledge of social relations and cultural diversity. The sociological perspective is a real asset to those working in today's international, multi-ethnic business world. In addition, students will find the following skills, interests, values and other characteristics valuable for succeeding in the field.

- Ability to Apply Statistical Software
- Analyze Qualitatively and Quantitatively
- Analyze, Synthesize and Interpret Information
- Apply Theoretical Approaches to Research Problems
- Appreciate Diversity
- Critical Thinking
- Curiosity
- Design and Conduct Surveys
- Good Communication
- Identify Cultural/Social Considerations
- Insight into Group Dynamics
- Knowledge of Community Resources
- Knowledge of Statistics and Research Methodology
- Read Critically
- Recognize Social Processes
- Sensitivity to Cultures
- Understand Complex Problems and Identify Solutions
- Understand Social Trends

PROFESSIONAL ASSOCIATION AND OTHER LINKS

Making wise career decisions requires exploring your field. A multitude of Internet sites and other resources will help you do this to the best of your ability. Professional association sites, in particular, are very useful for their career descriptions and job hunting tips. Moreover, these authoritative sites frequently provide links to Internet sites which announce job openings and list potential employers. A few recommended sites are included below.

CANADIAN

Canadian Sociological Association

<http://csa-scs.ca>.

This site will allow one to keep up-to-date on the Canadian sociology scene through its forums, blogs and online activities. It also has information on jobs, publications and conferences.

INTERNATIONAL

American Sociological Association

<http://www.asanet.org>

A wealth of useful information for both students and professionals can be found on this site. One can click on Employment to access numerous articles on careers and career paths as well as ASA's Employment Bulletin and Job Bank.
