The **first option** is to **remain** in the **Major program** for the duration of their studies. The **second option** is to repeat some **HKAP courses** in **Stage I** of the **Major program** until the transfer requirements have been met.

Course repetition

Section 16.2.6 Repetition of Courses

According to Concordia University regulations, if you want to improve both your core cGPA and transcript cGPA, you cannot repeat 200-level core courses if you are registered or have completed 300-level core courses because a student who wants or needs to repeat a course that is prerequisite to other courses must do so <u>before</u> taking any following course in the sequence. This particular regulation applies to the cGPA on your transcript, but not your core cGPA. Therefore, if you decide you only want to improve your core cGPA, then you can mix your 200- and 300-level core courses. This is also true for 300-level core courses and 400-level core courses.

You want to repeat one or more 300-level core courses?

- 1. Send an email to your undergraduate academic advisor at <a href="https://www.htttps://w
- 2. In the email, indicate your **student ID number** and the course you want to repeat.
- 3. In addition, you must indicate why you want to repeat one or more of the 300-level core courses.

STAGE ELIGIBILITY REQUIREMENTS (Section 31.120)

The Major, Honours, Kinesiology and Clinical Exercise Physiology (KCEP), and Honours in KCEP (HKCEP) programs are composed of **three stages**, whereas the Athletic Therapy (AT) and Honours in AT (HAT) programs have **four stages**. Course Overrides and Special Permission to Take HKAP Courses

Occasionally, you may have to contact your **undergraduate academic advisor** for a **course override** or **special permission** to take a **core course** in **HKAP**. There are many reasons why **overrides** are given to students. For example, the capacity of a course's lecture may have been reached, but the classroom has a few more seats, or a prerequisite for a core course is missing. However, because the **Student Information System (SIS)** has a **Waiting List**, course overrides will only be given under special circumstances.

If you **need a course override** for **core program course**, you **must provide** the following information to your academic advisor:

- 1. Student ID number (8-digit number),
- 2. Course Name (CATA, EXCI, KCEP),
- 3. Course Number (262, 263, 252, 253, 254, 258, 259, 210),
- 4. Session (1 = summer, 2 = fall, 3 = fall and winter, 4 = winter),
- 5. Course Section: (01, 02), and
- 6. Lab Section (if applicable, 01, 02, 03, 04, 05, 06, 07, 08).

Please note that the **Undergraduate Academic Advisor** of the Department of Health, Kinesiology, and Applied Physiology **can only** provide you with **overrides** for **CATA**, **EXCI**, **and KCEP courses**.

If you need an **override** for an **elective course**, it is your responsibility to **contact** the **department offering** the **elective course**.

ELECTIVE COURSES: THE 24-CREDIT RULE (Section 31.003)

- In order to graduate, all students in the Faculty of Arts & Science must successfully complete at least 24 credits outside his or her single discipline or department.
- Within every block of 30 credits taken towards the degree, a student will normally choose no more than 24 credits from any one discipline or department.
- Elective courses can be categorized as either Regular (Open Choice) or General Education electives.
- > The categorization of an elective course will depend upon its origin.

*The Department of Health, Kinesiology, & Applied Physiology (HKAP) is in the Science sector of the Faculty of Arts & Science. Therefore, elective courses taken in the Science sector can only be counted as regular elective credits. As a result, elective courses taken in the Science sector can never be counted as General Education (GE) elective credits.

In your Academic Requirements Report, Regular electives are called Open Choice electives.

NOTE: NA = Not Applicable.

When you are registering for elective courses, choose courses of interest to you based on your future goals.

THE GENERAL EDUCATION REQUIREMENT (Section 31.004)

- All students in the Faculty of Arts and Science are required to satisfy the General Education (GE) requirement by successfully completing a minimum of 6 credits from course offerings outside the candidate's disciplinary sector.
- > The disciplinary sectors comprising the Faculty of Arts and Science are:
 - 1. Humanities,
 - 2. Social Science, and
 - 3. Science.
- Students may also count courses offered by Concordia University's other 3 faculties toward their General Education requirement:
 - 1. the John Molson School of Business,
 - 2. the Gina Cody School of Engineering and Computer Science, and
 - 3. the Faculty of Fine Arts.
- Students pursuing a second or subsequent undergraduate degree can receive an exemption from the GE requirement.
- > Students in **HKAP** can satisfy the **6-credit GE requirement** by taking:
 - 1. one 3-credit elective course in Humanities and one 3-credit elective course in Social Science,
 - 2. two 3-credit elective courses in Humanities,
 - 3. two 3-credit elective courses in Social Science,
 - 4. one 6-credit elective course in Humanities, or
 - 5. one 6-credit elective course in Social Science.
- Courses in the Science sector of the Faculty of Arts & Science cannot be classified as GE electives. Therefore, elective courses taken in the Science sector of the Faculty of Arts & Science cannot be used to satisfy the GE requirement.

THE GENERAL EDUCATION REQUIREMENT

- Courses falling under the administrative umbrella of Interdisciplinary Studies (INTE) are considered for General Education requirement purposes to fall within the Social Sciences.
- Students in a 90-credit degree who successfully complete an Honours program or a Specialization program from the Science disciplinary sector and who complete the Minor in Multidisciplinary Studies in Science offered by the Science College are considered to have met the General Education requirement.
- Students enrolled in two areas of concentration which are both within the same disciplinary sector are required to take six credits outside of the sector.
 - For example, students enrolled in a BA Major in History and a BA Major in Theological Studies, both of which fall within the Humanities, must fulfill the requirement by successfully completing either six credits from the Social Science or Science sector, or three credits from the Social Science sector and three credits from the Science sector, or six credits from outside the Faculty of Arts and Science.
- Students enrolled in two areas of concentration drawn from different disciplinary sectors will be considered as having satisfied the General Education requirement.
 - For example, students enrolled in a BA Major in Sociology (Social Science) and a BA Major in English (Humanities) will be considered as having satisfied the General Education requirement.
- Students enrolled in an undergraduate certificate program are exempt from the General Education requirement.
- Students pursuing a second or subsequent undergraduate degree are exempt from the General Education requirement.
- English As a Second Language (ESL) courses or introductory English language courses are not considered as substitutions for this requirement.

Students in HKAP are not permitted to take the following courses for credit:

While in Health, Kinesiology, and Applied Physiology (HKAP), students will not receive credit if they take any of these courses. Furthermore, the grades obtained for these courses will not be used to calculate their cumulative and final graduation GPAs.

- Because HKAP students are in the Science sector of the Faculty of Arts & Science, they are not allowed to register for CHEM 208. Only students outside of the Science sector may take CHEM 208.
- Students who have received credit or exemption for MATH 203 or equivalent may not take MATH 209 for credit.
- Students who have taken mathematics beyond the pre-calculus level may not take MATH 212 for credit.
- Also, HKAP students are not allowed to take the EXCI courses indicated above because these courses are elective courses for students outside of the Department of HKAP, otherwise known as non-HKAP students.
