

Change of Concentration to Neuroscience REQUIREMENTS for Non-PSYC/NEUR Students

Students in Bachelor of Science (BSc) degree programs who wish to remain in the same degree but add or change their program of concentration to the Specialization in Neuroscience do so through the Change of Concentration process.

Please visit the [internal degree transfer webpage](#) if you need to transfer degrees to enter Neuroscience (e.g., BA Mathematics to BSc Neuroscience.).

Eligibility Information

To be eligible for the Change of Concentration you must be a current Concordia student in a BSc degree program.

Applications considered ONCE per year with a November 1st deadline; decisions communicated starting November 15th.

[Here is the link to the application E-Form.](#)

Academic Requirements

1. Complete a minimum of 24 credits at Concordia University.
2. Achieve a minimum cumulative Grade Point Average (**CGPA**) of at least **3.00 (B)**.
3. Direct admission to Honours program is not possible.
4. Please note that students cannot be in two specializations at once.
5. Refer to section 31.250 of the [undergraduate calendar](#) to review the program requirements & course descriptions before applying.

Psychology & Neuroscience Courses Available to NON-PSYC Students:

Students interested in taking 300-level NEUR or PSYC courses may attend a *course override appointment* in the first two weeks of each term to request permission to enroll, space permitting. The override dates will be posted on the [Department of Psychology & Neuroscience webpage](#) at the latest two weeks prior to the start of each term.

Transferable Courses:

All the credits from your current program will be transferred to the new program, if admitted.

Switching to Neuroscience Information Sessions:

February 24th, 2025 (12 – 1PM) / May 22nd, 2025, August 14th, 2025 (12- 1 PM) / October 6th, 2025 (12-1 PM)

*All sessions will be held in Loyola [RF 110](#) . RSVP your attendance at an information session on our [Sign-Up Form](#).
