FMPR 448 Independent Study I (3 credits), FMPR 449 Independent Study II (3 credits)

Prerequisites for FMPR 448 & 449: 24 credits completed in FMPR, written permission of the School of Cinema and a minimum cumulative GPA of 3.5.

Independent studies offer a limited number of students the opportunity to pursue advanced production and/or research under the supervision of a full-time Cinema faculty member. The study workload should be equivalent to a 3-credit course in the FMPR program (45 hours per credit = **135 hours**). Independent Studies may not duplicate curriculum offerings.

Guidelines:

- Attach a 2-page description of the project that clearly states:
 - the nature of the production and/or research to be undertaken;
 - a provisional list of your production/research projections (i.e. filmography, bibliography);
 - a work schedule including the number of meetings with your Advisor, film(s) and/or assignments to be submitted, expected scope/length of each, dates of submission;
 - how you will be evaluated by your advisor.
- Attach a copy of your current unofficial transcript/student record, [downloaded from your Student Center](#)
- Submit all documents, signed by your supervisor, combined as a **single PDF** to the Cinema Office via email: cinema@concordia.ca no later than 7 calendar days before the drop-add deadline (second Monday after classes begin) in the term you are requesting the course. Name the file: last name_student number_Independent study request.pdf
