## Haunted Happenings

A site-specific event conceived & curated by Shauna Janssen

### CURATOR'S NOTE

*Haunted Happenings/ Phénomènes Hantés* is a site-responsive performance event and collaboration with the Canadian Centre for Architecture (CCA). For 12 weeks an interdisciplinary cohort of students undertook research-creation activities to engage with the CCAs hidden histories and atmospheres. Drawing from the CCA archives and the complex social histories of the Shaughnessy House, themes of memory, hauntings, and the spectral presence of place began to emerge. *Haunted Happenings/ Phénomènes Hantés* invites the public to experience the CCA in new and unexpected ways through their encounters with theatrical interventions, performative installations, and multimedia works that grapple with and reflect upon the ways that architecture performs as a public concern, as a site of institutional labour and maintenance, and as acts of care and preservation. This collaborative project offers a unique opportunity to witness the performativity of architecture, and the role that creative processes and art can play in revealing the gaps, secrets, overlooked and contested histories of place.
