

# WEBSTER LIBRARY CURRICULUM COLLECTION (LB-3)

This collection is designed to support student teachers in the Early Childhood and Elementary Education (ECEE) programme. It contains a selection of practice teaching materials appropriate for preschool and elementary school age children. The collection includes children's books (fiction & non-fiction), activity and lesson planning books, games, puppets, and puzzles.

This QR code will bring you directly to a guide on the library site where you can browse some suggested titles useful for early childhood education such as:

- children's books by themes
- children books by age group
- thematic teaching guides
- block/games/puzzles
- cognitive development
- physical and motor development
- social development
- language development
- emotional development.

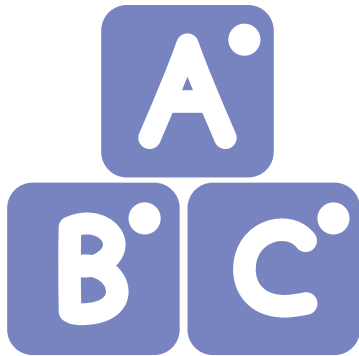

Find one of the titles you're interested in, head to the shelf location and you will see other similar items grouped on the shelves together.

The collection is organized by Library of Congress classification. It is a way for us to categorize and shelve books. Call numbers provide the physical location of the book, while call number ranges will reflect a certain subject area.
